Since 2008, Shwayze and the summer season have become synonymous. With the Billboard Top 20 hits "Buzzin'" and "Corona and Lime," people have fallen in love with Shwayze's breezy melodies and his smooth rhymes. Shwayze released his self-titled debut album in 2008, which debuted at #10 on the Billboard Charts and was #3 on Billboard's Rap Album Chart. The hit single off the album "Buzzin'" gained worldwide popularity. Shwayze is on a mission to make the whole world feel good!

### The Cave Presents Reverend Horton Heat

The Reverend Horton Heat is perhaps the most popular psychobilly artist of all time, they built a strong cult following during the '90s through constant touring, manic showmanship and a twisted sense of humor. The Reverend updates the psychobilly sound for the alternative rock era and becomes something more than guitars rocking as hard as any punk band and not looking exclusively to the pop culture of the past for its style or subject matter. With special guests Unknown Hinson, Cadillac Tramps and Viernes 13.
